PROFESSIONAL SUMMARY

Laravel/PHP developer at Cubix Technology with hands-on experience in Laravel, MySQL, REST APIs, and JavaScript. Builds e-commerce platforms, admin dashboards, and role-based systems, including PetBuddy, a pet-care e-commerce platform with transaction-safe order processing, coupons, and PDF invoices. Experienced with SSLCommerz payment integration and MySQL relational design.

TECHNICAL SKILLS

Backend	PHP, Laravel, REST API Development, Laravel Sanctum, API Integration (SSLCommerz), Role-Based Access Control, MVC
Frontend	JavaScript, React, jQuery, AJAX, Bootstrap, WordPress, HTML, CSS
Database	MySQL
Tools	Git, GitHub, Jira, Postman

PROFESSIONAL EXPERIENCE

Laravel Developer & Solution Executive | Cubix Technology — Dec 2023 – Present

- Build and maintain Laravel, PHP, and MySQL web applications, including e-commerce platforms and admin dashboards with secure authentication and role-based access control.
- Develop web applications that improve internal workflow efficiency for client and internal teams.
- Coordinate cross-team technical solution planning to support on-time delivery, project alignment, and client satisfaction.

Data Operations Associate | Save The Children (Project-Based) — 2022

- Validated and cleaned structured project data and monitored system usage to keep reporting records accurate.

Web Designer & Content Manager | Exclusive Web Services (Part-Time) — May 2021 – Apr 2022

- Built and maintained client websites using WordPress, HTML, and CSS, adapting layouts for different devices.
- Managed website content, including pages, images, and product details, keeping site data accurate and consistent.

PROJECTS

PetBuddy

Stack: Laravel, MySQL, JavaScript, jQuery, AJAX, Bootstrap 5 | github.com/Sanaul-haq-ue/Pet-Buddy

- Laravel pet-care e-commerce platform for pet products and pet services (grooming, sitting, hourly care), with user and admin dashboards.
- Order flow with AJAX cart, coupon validation (per-user limits, discount caps), shipping charges, transaction-safe order saving, and order status tracking with an audit log.
- Generates PDF invoices and order confirmation emails; admins manage appointments, orders, products, and services.

Laravel LMS

Stack: Laravel, MySQL, JavaScript | github.com/Sanaul-haq-ue/Laravel-LMS

- E-learning platform with course management, enrollment, quizzes, and progress tracking for instructors and students.
- Integrated SSLCommerz payment gateway with secure role-based authentication.

E-Commerce Platfrom

Stack: Laravel, MySQL, JavaScript, AJAX | github.com/Sanaul-haq-ue/Laravel-E-Commerce

- Laravel e-commerce website with role-based authentication and product management for admins and customers.
- Designed the relational database schema (one-to-many, many-to-many) for products, customers, and orders; implemented cart, checkout, and order processing.

Store & Stock Management System

Stack: Laravel, MySQL, jQuery, AJAX | github.com/Sanaul-haq-ue/Laravel-Store-Management

- Inventory system covering products, variations, sales, and stock control, with quantities updated dynamically through AJAX.

EDUCATION

BSc in Computer Science & Engineering | Dhaka Commerce College 2023

Higher School Certificate (HSC) | Trust College 2017

Secondary School Certificate (SSC) | Ashuganj Tap Bidyut Kendra High School 2015

CERTIFICATIONS

PHP with Laravel Framework | BITM 2023

Responsive Web Design | CodersTrust 2019
